INTRODUCING

HOME HEMODIALYSIS SERVICES

LIFECARE HOSPITAL
offers safe,
convenient **HOME
HEMODIALYSIS** with
expert support for
flexible, at-home
care.

WHAT IS HOME HEMODIALYSIS SERVICE?

*As The Name Suggests, It Means Undergoing
A Dialysis Procedure At Home, Instead Of A
Clinic Or Hospital.*

This will be accomplished by the team of LifeCare Dialysis.

Installing a dedicated dialysis machine at the person's residence, in a separate room.

Requirements

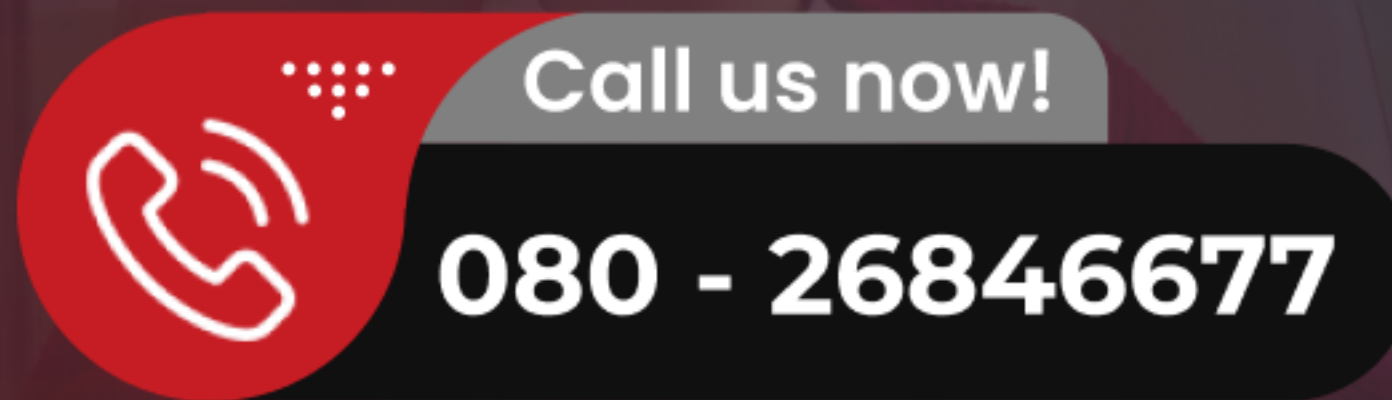

- ✓ A Small, Clean And Hygienically Maintained Room With An Air-Conditioner
- ✓ A Water Supply And Outlet
- ✓ Uninterrupted Power Supply

HOME HEMODIALYSIS BENEFITS

- ✓ Patients who select **HHD** will benefit from multiple conveniences, for the slightly extra cost:
- ✓ They will have a dedicated machine for their procedure.
- ✓ They can choose to have the procedure at a preferred time, rather than depend on an appointment which can be at an odd hour.
- ✓ They do not need to travel all the way. Saving both, time and out of pocket expenses.
- ✓ They do not have to worry about hygiene and sanitation, or be anxious about getting infections, at an external location.
- ✓ They can be consistent, and avoid delaying the procedure for any of the above reasons.
- ✓ They can request the services of the lab technician as per their required time
